

Prénom :

Graphisme – la ligne droite

Trace des lignes droites horizontales ou verticales selon l'orientation de la feuille avec ton doigt puis avec un feutre fin.

Lignes horizontales

Lignes verticales

The image shows a large grey rectangular area with a thick black border. Inside, there are several white shapes for tracing practice. At the top, there is a long white rounded rectangle containing a dashed horizontal line starting from a black dot on the left and ending with an arrowhead on the right. Below this are seven more horizontal white rounded rectangles, each starting with a black dot on the left. At the bottom, there are two vertical white rounded rectangles, each starting with a black dot on the left. The text 'Lignes horizontales' is centered above the top line, and 'Lignes verticales' is written vertically on the left side of the page.
